

Curriculum Partnership Programme

The Southwark Music Curriculum Partnership Programme is a partnership between Southwark Music and Southwark primary schools, providing consistently excellent music lessons delivered by carefully selected specialist music tutors.

The CPP is now in over 40 Southwark primary schools and reaches over 8000 students a week.

We'd love to discuss your school's music provision further and help tailor the CPP to your school's musical needs.

What will our school receive when we join the CPP?

- A specialist music tutor selected by Southwark Music and carefully matched to your school's needs
- A recently updated and comprehensive music curriculum scheme of work, based upon the Model Music Curriculum
- Your music tutor will be trained, mentored and assessed by Southwark Music throughout their time at your school
- Loan of percussion instruments worth £800 for the students to play
- The tutor will receive constant access to regularly updated resources, CPD sessions and a close network of other music tutors to share ideas with
- One free Music CPD session for all of your class teachers, tailored to your school's specific musical needs
- Comprehensive Ofsted Music Deep Dive supporting documents and advice
- Music Leads and wider staff of participating schools will also be welcomed at our free, borough-wide, Networking Meetings. Held termly, these meetings offer support with subject knowledge, Deep Dives and music education policies and guidance.

How much does joining the CPP cost?

£1200 per year

What rate will the CPP tutor charge the school?

We recommend £43.87 per hour

How many days will the CPP tutors visit our school and how long will each music lesson be?

This is completely up to you. The size of your school and the year groups you'd like taught will dictate the number of hours of music lessons you have - most schools choose between 1-3 days of music lessons a week. We recommend the following lesson lengths: 30-45mins for EYFS, 45-50mins for KS1, 50-60mins for KS2.

Will our CPP tutor be able to reflect our school topics in their music lessons?

Yes, there is flexibility within the scheme of work to reflect your school's topics and core beliefs. Each term consists of 5 set lessons which leaves room for differentiation, extension and development of each lesson to suit the students individual strengths.
